Office: 1325 Electric Road, Suite 200, Roanoke, VA 24018 USA

Mailing Address: 2060 Cook Drive, Salem, VA 24153 USA

Job # ES210**Job Title:**

Technical Sales Manager – Oil and Gas

Location:

Houston, Texas

Business Unit/Department:

North American Sales

Job Responsibilities:

You will develop relationships with a network of purchase influencers within current and potential client organizations to position TMEIC GE to bid for opportunities. You will map and manage the tactical plan for pursuing projects with typical concept to close cycles of 18 months.

- Develop and implement sales/business plans and strategies at key accounts
- Identify and establish contact with purchase influencers in client organizations
- Travel to customer locations, both locally and regionally, in support of sales opportunities
- Proactively communicate and cooperate with our sales channel partners on all sales activities in the region
- Be the primary liaison and support resource to our sales and service partners in your region
- Provide pre-sales technical assistance (generate written proposals, product and service presentations, etc.) to our clients and channel partners
- Build awareness of TMEIC GE products and services via presentations at conferences, trade shows and at client meetings
- Identify new product and solution opportunities to increase sales growth
- Monitor client satisfaction with sold projects
- Ensure client issues are resolved
- Provide regular and detailed feedback on product or other project deficiencies for continuous improvement
- Maintain accurate records of proposals, contracts and business activities per corporate guidelines
- Provide timely updates on sales activity, performance, integration of corporate business project processes, market trends and customer relationship issues
- Ensure the utilization of business processes: CRM, ORACLE, OSM and QMI reviews

Minimum Requirements:

- Minimum formal education required is a BS degree
- Minimum technical background of 5 years with large electrical drives and motors or other heavy industrial capital equipment
- Minimum of 2 years in a direct outside sales position with demonstrated success of achieving specified goals
- Demonstrated organizational skills, including time management, good file and record organization and report writing
- Computer skills and ability to work with business programs
- Frequent travel required

Preferred Qualifications:

- BS degree in an engineering discipline, typically electrical or mechanical
- Established relationships with purchase influencers at TMEIC GE client and potential client organizations
- Experience with industry procurement processes in the oil and gas market
